About Heritage Gold

Heritage Gold (NZ) Limited is a leading New Zealand, dual listed (NZSX: HGD, ASX: HTM) minerals exploration company with 1800 Australasian shareholders and a portfolio of high quality mineral interests.

It has attractive gold properties near Waihi in the Coromandel region, New Zealand. The historic Talisman underground mine has a JORC compliant mineral resource within a granted mining permit and Heritage holds an adjacent exploration permit along strike.

Following a recent restructuring, the company is advancing its plans to develop the mine and has appointed a senior mining engineer to manage the development.

Heritage Gold owns 21.7% of Broken Hill Prospecting Limited (BPL), which is planning to develop a cobalt project at Thackaringa, about 25 kilometres south-west of Broken Hill in Australia. BPL is listed on both the ASX and NZSX (Code: BPL).
