**FOR IMMEDIATE RELEASE**

**CONSENT TO ENTER AND OPERATE RENEWED**

New Talisman today announces that it has recently received renewal of its permission to Enter and Operate the Talisman mine from the Department of Conservation, based on the work program submitted.

The consent allows NTL to commence operations at the Talisman mine in accordance with the conditions of the resource consent obtained from the Hauraki District Council in December 2013.

Matt Hill CEO said “renewal of the authority is in line with the project plan at Talisman and in conjunction with the Resource Consents granted by Hauraki District Council allows for the extraction of up to 20,000 cubic metres of ore per annum.”

The board of NTL is currently awaiting the result of its application at Rahu for an extension of Land which would increase the area covered by its current mining Permit.
